Port System Update Requests - Malaysia

In order to serve your current business model better, we have decided to simplify the request for port system updates moving forward. This will ensure that we have all relevant information needed for a precise update and the requests are actioned by the respective desks promptly.

Starting **23rd September 2024**, kindly fill up all port system update request in the online form below at least 4 hours prior to gate in. This would allow sufficient time for our team to perform necessary update and revert with confirmation accordingly.
