

Feature: Export Overview (Shipments listed by departure)

The screenshot shows the Maersk 'Export overview' page. The 'Manage' dropdown menu is open, highlighting 'Export overview'. The main content area features a table of active shipments. The table has columns for 'Bill of Lading', 'From', 'To', and 'Cargo'. The 'Vessel departing in' filter is set to 'next 7 days'. The table lists several shipments, including those from Tanjung Pelepas, MY and Shanghai Pudong, CN.

Benefit for customer

- Visibility of their shipment's status (ETA changes; Unconfirmed bookings...). Help customers to book, track and manage their shipments online.
- Quick filters - allows Customers to apply filtering on shipment listing:

+ Filter by POL/POD

+ Vessel or by "role":

My role

A dropdown menu for 'My role' is shown, with 'Please select' highlighted. The options listed are: Please select, Booked By, Transport Document Receiver, Invoice Party, Credit Party, Price Owner, Shipper, and Consignee.

- Allows Customers to download the current shipment listing page
