EFF (Environmental Fuel Fee) for March 2020

Dear Valued Customers,

As previously communicated, Sealand Asia will monitor the bunker price monthly in 2020 and EFF tariff review will be triggered when bunker price changes more than USD50/ton. As such, we have reviewed EFF tariff and the new tariffs will be effective **1st March 2020**.

In addition, now that we have a published 0.5% low sulphur fuel type index on Bunkerworld, we will change our reference from the existing "0.1% LSMGO minus USD50/ton" to "0.5% Sulphur Fuel Oil" for March EFF review.

Please be informed that the average bunker price applicable for the period associated to March 2020 is as per table below.
