

1st January 2024

Dear Partner,

Due to ongoing overdemand we have been experiencing on domestic truck market it became unavoidable to have strict deadline rules for trucking orders so that we can provide sufficient and proper capacity and service level to our valued customers.

Please provide your trucking requests until **15:00** CET 2 days before the required day.

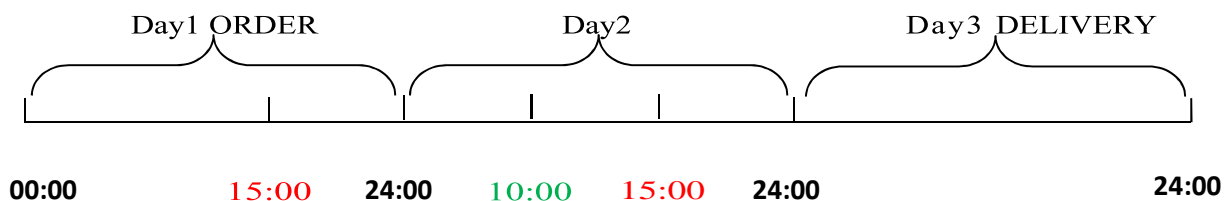

Cancellation:

- Before Day2 **10:00** free
- Before Day2 **15:00** EUR 240 revised from 1/1/2024
- After Day2 **15:00** full tariff

Amendment:

- In case amended stuffing/unstuffing falls on different date than originally ordered we consider it as cancellation

Example:

All orders after deadline are subject to truck availability.

We also revise our Waiting Time charge (**WTI**) from 1/2/2024. Three (3) hours is free for customs clearance and container unstuffing, then the charge is **40 EUR** for every hour started.

Yours sincerely,
Maersk Hungary Kft.
